Professional Summary

Full Stack & Mobile Developer who shipped production features in **React.js, Node.js, Express.js, Flutter, MongoDB, and MySQL**, with hands-on experience building **secure REST APIs** and **AI-enabled applications** end to end. Backed by **750+ DSA problems solved**, **20+ hackathons**, an **ISIH 2026 win**, and **10+ merged open-source PRs**, with strong fundamentals in **DSA, OOP, DBMS, OS, and Computer Networks** to write efficient, maintainable code from day one.

Education

Vishwakarma Institute of Technology (VIT), Pune — Pune
B.Tech in Computer Engineering; CGPA: 8.82/10 — *Sep 2024 – Present*

MJ College, Jalgaon — Jalgaon
Class XII; 83.33% — *2024*

PNL Kanya School, Jalgaon — Jalgaon
Class X; 97% (District Topper) — *2022*

Experience

Herbs Magic — Remote
Full Stack & Mobile Developer Engineer Intern

- Built and shipped full-stack web and cross-platform mobile features using React.js, Node.js, Express.js, and Flutter; contributed to 5+ production features across web and mobile.
- Raised 10+ PRs to the Conversational-AI open-source project for AI-driven features, participating in code reviews and issue resolution.
- Collaborated on iterative deployments, feature planning, and maintained production-grade codebases across web and mobile platforms.

Technical Skills

Languages: C++, Python, JavaScript, TypeScript, Dart
Databases: MongoDB, MySQL
Web & Mobile: React.js, Node.js, Express.js, Flutter, REST APIs, HTML5, CSS3, Bootstrap
Tools: Git, GitHub, Postman, VS Code, JWT Authentication
Core CS: DSA, OOP, DBMS, OS, Computer Networks | Currently learning: DevOps and Data Science concepts

Projects

WealthMap – Personal Finance & Risk Prediction System | *React 19, TypeScript, Node.js, Express.js, MySQL* — 2026

- Built a full-stack finance platform with expense tracking, forecasting, budgeting, and financial risk assessment.
- Developed financial analytics, anomaly detection, safe-to-spend calculations, and interactive what-if simulations.
- Integrated React Flow dependency graphs, JWT authentication, and AI-powered recommendations with rule-based fallback.

Pocket Court App | *Flutter, Node.js, MongoDB, Groq API* — 2026

- Built a cross-platform AI legal assistant app using Flutter and Groq LLM API, delivering real-time guidance on Indian legal rights properly.
- Designed RESTful backend with Node.js, Express.js, MongoDB, and JWT stateless auth; decoupled AI inference layer from core backend for independent scaling.

Advanced Tree Rotation Visualizer | *JavaScript, HTML, CSS, Chart.js* — 2026

- Built an interactive DSA tool visualizing BST, AVL, Red-Black, B-Tree and B+ Tree with step-by-step rotation animations and real-time state rendering.
- Implemented insertion, deletion, and search with self-balancing algorithms; added Chart.js dashboard benchmarking operation complexity across tree types.

Smart Adaptive Traffic Signal System | *Arduino, C++, IoT, Embedded Systems* — 2026

- Engineered an IoT-based adaptive traffic system using IR sensors to dynamically adjust signal timings based on real-time vehicle density, cutting average idle wait time by 30%.
- Implemented emergency vehicle prioritization and automated Red-Light Violation Detection across 4 intersection modes; architected modular design for future AI analytics and IoT integration.

Achievements

First Runner-Up – Tesseract Hackathon, VIT Pune: Built a DigiTwin platform for real-time system simulation and automated fault recovery.

Participated in 20+ hackathons, including ISRO Bharatiya Antariksh Hackathon 2024. **Winner** - ISIH 2026.

750+ DSA Problems solved across LeetCode and competitive platforms.

98.6 Percentile in MHT-CET Examination; District Topper in Class X (97%).

Leadership & Activities

Conservational-AI – Open Source Project — Remote
Contributor

- Raised PRs for AI-driven conservation features during Herbs Magic internship; collaborated with maintainers on code reviews and issue resolution.

Social Welfare Development Committee, VIT Pune — Pune
Aesthetic Coordinator — *2025 – Present*

Event Planning & Execution Committee (EPEC), VIT Pune — Pune
Aesthetic Volunteer — *2025 – Present*
